**Position Summary** *(Major Job Duties)*

This Lean Six Sigma Utility is looking for an individual for advanced and responsible duties of a skilled nature which can involve crew leader work. Performs near journeyman level mechanical or electrical trade helper work. Performs a wide variety of repairs and preventative maintenance work including: skilled and manual labor; repairs to pumps, motors and gearboxes; cleaning and repairs of equipment associated with the lime softening membrane and reuse treatment plants; preparation and application of coatings; repairs and maintenance of wells. Required to collect data, compile and submit written records and reports into an asset management system. Performs other duties as required. Continually looks for ways to incorporate new technologies. This is an essential position, the incumbent will be required to work extended hours during and after hurricanes or other disasters. Works proactively and provides excellent customer service to internal and external customers. Follows safety procedures and promotes a safe work environment. A strong understanding of ethical behavior is required.

**Qualifications** *(Education, work experience, special requirements)*

High school diploma or equivalent, college and or technical school a plus. At least four (4) years experience in maintenance or construction work in Utilities or a related field of work. Must possess a valid Florida Class "B" Commercial Drivers License or obtain within six months of hire. Knowledge of Maximo asset management software a plus. **Must pass the State of Florida "C" Water Plant Operators exam within three years of hire.** Obtaining a Lean Six Sigma White belt in the first year is required. Ability to successfully complete all training programs offered including confined space, hazardous materials handling, etc. Must be physically capable of using respirators and self-contained breathing apparatus and other personal protective equipment. Must comply with OSHA standards as they apply to facial hair and respirators. Employee must pass pulmonary function test. Candidates must possess effective communication skills with the ability to speak, write and understand English. Must be able to operate a computer. Hands on testing of computer skills will be conducted on MS Office products and reading schematics will be part of the interview process. Familiarity with asset management and maintenance tracking a plus. A comparable amount of training and/or experience may be substituted for the minimum qualifications. Must be able to work outdoors with exposure to chemicals- some hazardous, fumes, dust, machinery hazards and adverse weather conditions. The noise level in this environment is usually moderate but can be intense. Ability to perform moderate moving up to 50 lbs. on a regular basis and occasionally perform moving up to 75 lbs. Labor intensive position with the ability to walk, stand, lift, climb, bend, stoop, push and pull. Specific abilities include hearing, talking and seeing. Must have ability to detect differences between colors, including shades of color and brightness.
