

MEMORANDUM

To: SEFLUC

From: Edward P. de la Parte and Nicolas Porter

Date: March 14, 2022

RE: 2022 Legislation – SEFLUC March Update

The following is a summary of legislation which may be of interest to the Southeast Florida Utility Council (“SEFLUC”). A summary of proposed changes and an analysis of impacts to SEFLUC are presented for each bill. In some cases, because of the length of the bill, the analysis may be limited to only those provisions impacting SEFLUC. In the event a more extensive summary and analysis is required, a separate memo addressing the specific legislation can be prepared upon request.

---

**Highlighted** bills have passed the Legislature, and are awaiting presentation to the Governor.

List of Bills Contained in Memo:

1. **SB 2508 Environmental Resources (Appropriations)**
2. **HB 965/SB 1426 Environmental Management (Truenow/Burgess)**
3. **SPB 7012/HB 1475 Cleanup of Perfluoroalkyl and Polyfluoroalkyl Substances**
4. **SB 1940/HB 7053 Statewide Flooding and Sea Level Rise Resilience (Brodeur)**
5. SB 828/HB 1147 Critical Infrastructure (Hutson/Giallombardo)
6. HB 515/SB 886 Municipal Water and Sewer Rates (Robinson/Jones)
7. SB 608/HB 303 Sanitary Sewer Lateral Inspection (Brodeur/Truenow)
8. HB 621/SB 1162 Infrastructure Project Funding (Fine/Broxson)
9. SB 832/HB 561 Implementation of the Recommendations of the Blue-Green Algae Task Force (Stewart/Goff-Marcil)
10. SB 208 Well Stimulation (Farmer)
11. HB 6003 Legal Rights of the Natural Environment (Eskamani)
12. SB 834/HB 421 Long-term Cleanup of Harmful Algal Blooms (Brodeur/Truenow)
13. SB 798/HB 473 Bottled Water Excise Tax (Taddeo/Casello)

## BILLS

### **1. SB 2508 Environmental Resources (Appropriations)**

#### **Summary:**

- Bill was softened from original language to now require, for Lake Okeechobee, SFWMD to “balance the different interests across the system, including, but not limited to, safeguarding the water supply to society and the environment, reducing high-volume discharges to coastal estuaries, and providing for flood control.”
- Require water shortages in Lake Okeechobee Region to be managed in accordance with existing SFWMD rules.
- Assigned to conference committee after passage of amended version by House, tied to budget

#### **Status:**

#### **SB 2508**

**02/04/22** Filed

**02/09/22** Submitted as Committee Bill and Reported Favorably by Appropriations; 16 Yeas, 4 Nays

**02/10/22** Committee Bill Text Filed

**02/17/22** Read Second Time; Amendment Adopted (533620); Read Third Time; Passed (Vote: 37 Yeas / 2 Nays); Immediately certified

The Senate requests that the House pass the bill as passed by the Senate or agree to include the bill in the Budget Conference

**SENATE** Engrossed Text (E1) Filed

**02/22/22** **HOUSE** Read Second Time; Amendment Adopted (981363); Read Third Time; Passed (Vote: 112 Yeas / 0 Nays); Immediately certified

**HOUSE** Passed the Senate bill as amended by House and we accede to conference

**SENATE** In returning messages

**02/28/22** Bill placed in Conference (Appropriations Conference Committee/Appropriations)

**03/01/22** **SENATE** Conference Committee appointed

### **2. HB 965/SB 1426 Environmental Management (Truenow/Burgess)**

#### **Summary:**

- Authorizes the creation of water quality enhancement areas (WQEAs), which are defined as natural systems constructed, operated, managed, and maintained under an ERP permit for the purpose of providing offsite, compensatory regional treatment within an identified enhancement service area for which enhancement credits may be provided.
- Requires the construction, operation, management, and maintenance of a WQEA to be approved through an ERP permit and requires a WQEA to address the contributions of pollutants in an enhancement service area that does not meet state water quality standards.
- A WQEA may only provide enhancement credits in an enhancement service area.

- Enhancement credits can only be sold to governmental entities. Governmental entities can establish WQEAs for their own water quality needs.

 SENATE Retained on Special Order Calendar

03/04/22 Read Second Time; Substituted for HB 0965; Laid on Table, Refer to HB 0965

### **3. SPB 7012/HB 1475 Cleanup of Perfluoroalkyl and Polyfluoroalkyl Substances**

#### **Summary:**

- Requires DEP to adopt by rule statewide cleanup target levels for PFAS in drinking water, groundwater, and soil using specified statutory criteria, with priority given to PFOA and PFOS, if the United States Environmental Protection Agency does not finalize its standards for PFAS in drinking water, groundwater, and soil by January 1, 2025.
- The bill requires the rules to be ratified by the Legislature in order to take effect.
- Until DEP's rule has been ratified by the Legislature, a governmental entity or private water supplier may not be subject to any administrative or judicial action brought by any state or local governmental entity to compel or enjoin site rehabilitation, to require payment for the cost of rehabilitation of environmental contamination, or to require payment of any fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent.

#### **4. SB 1940/HB 7053 Statewide Flooding and Sea Level Rise Resilience (Brodeur)**

##### **Summary:**

- Establishes Statewide Office of Resilience.
- Pushes back by one year (to 2023 and 2024, respectively) the dates by which the Comprehensive Statewide Flood Vulnerability and Sea-Level Rise Data Set and the Assessment must be completed.
- Requires DEP to rank and include in Plan all eligible projects submitted for the plan, a description of the methodology used to rank projects, the specific scoring system used, the project proposal application form, a copy of each submitted project proposal application form separated by eligible projects and ineligible projects, the total number of project proposals received and deemed eligible, the total funding requested, and the total funding requested for eligible projects.
- The plan submitted in 2023 must be an update to the preliminary plan and clarifies that the preliminary plan, and updates to the preliminary plan submitted in 2021, 2022, and 2023, may include projects submitted by WMDs that mitigate the risks of flooding or sea level rise on water supplies or water resources of the state.
- Total amount of funding proposed for each year of the plan may not be less than \$100 million.

**5. SB 828/HB 1147 Critical Infrastructure (Hutson/Giallombardo)**

**Summary:**

- Establishes standards for cybersecurity assessment of risk associated with automation and control systems and application of security countermeasures to reduce risk.
- Applies to public or private entities responsible for operation of critical infrastructure, including water and wastewater treatment facilities
- Entities that fail to make good faith effort to comply with the cybersecurity standards subject to legal penalties, including injunction, civil penalties, award of cost of enforcement and attorney's fees in original bill. Civil liability grant removed in CS SB 828.

**6. HB 515/SB 886 Municipal Water and Sewer Rates (Robinson/Jones)**

**Summary:**

- Currently municipality operating water or sewer utility outside its boundaries can charge surcharge of up to 25% to customers outside its boundaries or alternate rate outside boundaries not to exceed 50% of total amount charged to customers within boundaries after public hearing.
- Amendments would provide that rates for customers in another recipient municipality using infrastructure located in the recipient municipality shall charge such customers the same rate as customers inside the municipal boundaries.

**8. SB 608/HB 303 Sanitary Sewer Laterals (Brodeur/Truenow)**

**Summary:**

- Provides a county or municipality may access a sanitary sewer lateral to investigate, clean, repair, recondition, or replace the lateral.
- Current law encourages county and municipality to establish evaluation and rehabilitation program for laterals.
- If a county or municipality identifies a defective, damaged, or deteriorated lateral and initiates a program to eliminate extraneous flow, the county:
  - Shall notify the property owner
  - County or municipality is responsible for any repair work done on private property
    - Establishes requirements for county repair work
- SB Committee Substitute adds language providing county or municipality may elect to establish and implement an alternative evaluation and rehabilitation program to identify and reduce extraneous flow from leaking laterals.
