

MEMORANDUM

To: SEFLUC

From: Edward de la Parte and Nicolas Porter

Date: April 9, 2025

RE: 2025 Legislation – SEFLUC Update

The following is a summary of legislation which may be of interest to the Southeast Florida Utility Council (“SEFLUC”). A summary of proposed changes and an analysis of impacts to SEFLUC are presented for each bill. In some cases, because of the length of the bill, the analysis may be limited to only those provisions impacting SEFLUC. In the event a more extensive summary and analysis is required, a separate memo addressing the specific legislation can be prepared upon request.

The 2025 Regular Session began March 4 and ends May 2.

Speaker of the House – Daniel Perez (Miami)

15. HB 1523/SB 1704 – Utility Services (Busatta/Calatayud)

Summary:

- New agreements, or extension of agreements regarding provision of utility service outside municipal limits to other municipalities or land owners may not become effective until representative of provider and area to be served participates in a public meeting regarding service areas, rates, fees, charges, extent revenues will be used for non utility functions.
- Requires annual public customer meeting attended by provider and receiving entity regarding utility matters and rates.
- Utility generating revenue from provision of service outside corporate limits may not use more than 10% of gross revenue to fund general government functions. Excess revenues must be reinvested in the municipal utility or returned to customers beyond municipal limits.
- By November 1, 2025, municipalities providing service outside boundaries must provide a report to Florida Public Service Commission identifying number and percent of customers receiving utility services outside boundaries, percent of sales and gross revenues from those customers, and comparison of rates and fees to customers inside and outside boundaries. PSC to report that information to Governor and Legislature.
- Eliminates 25 percent surcharge maximum in current law for customers outside boundaries. Rates and fees to outside customers must be equitable and based on same factors used in fixing rates to municipal customers, and such rates cannot exceed 25% of total amount charged inside customers (50% in current law).
- Municipality providing service to consumers within another municipality through use of plant located within the other municipality may not change more than the rates and fees imposed inside municipality.
