The City of Fort Lauderdale community builders possess a passion for public service demonstrated by a high degree of enthusiasm, self-reliance, and job proficiency. They effectively convey the vision and mission of the organization and provide excellent service and satisfaction to our internal and external customers.

This is advanced technical work involving a municipal utilities environmental enforcement program. An employee in this class is responsible for inspecting and enforcing ordinances, rules and regulations pertaining to water, wastewater, stormwater management, and other issues of environmental significance. Under general supervision, employee performs field activities requiring considerable contact with the public and the exercise of tact, courtesy, and initiative and independent judgment. Work is reviewed through observation, conferences, and reports submitted to the assigned supervisor.
